How to Read This Chart

Each sector is plotted based on its recent performance relative to the benchmark.

The trail shows where the sector has been — the filled dot is today's position.

The Four Quadrants

■ **Leading (top-right)**

Strong trend + gaining momentum. ← Want to be here.

■ **Weakening (bottom-right)**

Positive trend but losing momentum. Watch for rotation out.

■ **Lagging (bottom-left)**

Weak trend + negative momentum. ← Avoid.

■ **Improving (top-left)**

Weak trend but momentum turning positive. Potential early entry.

Typical rotation is clockwise: Leading → Weakening → Lagging → Improving → Leading.
